P1 | Section on Vaccines

- Vaccines to prevent meningococcal disease: the UK experience – where are we now?
  SIMON KROLL
  UNITED KINGDOM
  Professor of Paediatrics and Molecular Infectious Diseases, Imperial College and St Mary’s Hospital, Member of the UK Health Protection Agency’s Meningococcal Forum

- Pneumococcal conjugate vaccines
  GEORGE SYROGIANNOPoulos
  GREECE
  Professor and Chairman of Paediatrics at the University of Thessaly, School of Health Sciences, Faculty of Medicine

- Rotavirus Gastroenteritis
  MARC VAN RANST
  BELGIUM
  Virologist and Epidemiologist at the Katholieke Universiteit Leuven and the Rega Institute for Medical Research

- Latest Updates on HPV Vaccines and Vaccination coverage
  PHILIP CASTLE
  USA
  Executive Director of the Global Coalition against Cervical Cancer

P2 | Section on Infectious Diseases

- Diagnosing children with serious infections in ambulatory care
  ANN VAN DEN BRUEL
  UNITED KINGDOM
  Director NIHR Oxford Diagnostic Evidence Cooperative, Associate Professor, Department of Primary Care Health Sciences University of Oxford

- Antibiotics for acute Otitis Media in Children
  Speaker to be announced

- The child with fever - how to best assess the evidence and when to suspect meningococcal disease?
  ANDREW RIORDAN
  UNITED KINGDOM
  Consultant in Paediatric Infectious Diseases and Immunology at Alder Hey Children’s Hospital, Member of Joint Committee for Vaccination and Immunisation and chaired the Meningococcal Sub-committee

- Antibiotics resistance among common pediatric pathogens: Mechanisms and Clinical Implication
  ROBERT DAUM
  USA
  Professor of Pediatrics, Microbiology, and Molecular Medicine, Director, The University of Chicago MRSA Research Center, Chairman, the Illinois Vaccine Advisory Committee, Chairman, US FDA Vaccine Advisory Committee

P3 | Section on Rare Diseases

- When to suspect a diagnosis of lysosomal disorders in children
  UMA RAMASWAMI
  UNITED KINGDOM
  Paediatrician, Lysosomal Disorders Unit, Royal Free Hospital, London

- New treatments for Lysosomal Storage Disorders in children
  Speaker to be announced

- Avoiding the common problems of misdiagnosis in relation to Juvenile Arthritis
  ATHIMALAIPET RAMANAN
  UNITED KINGDOM
  Consultant Paediatric Rheumatologist Bristol Royal Hospital for Children & Royal National Hospital for Rheumatic Diseases, Bath

- Could this be a primary immunodeficiency?
  ANDERS FASTH
  SWEDEN
  Professor of Pediatric Immunology at University of Gothenburg, and at Division of Immunology, The Queen Silvia Children’s Hospital

P4 | Section on Dermatology

- The management of haemangiomas in infancy
  DIRK VAN GYSEL
  BELGIUM
  Head of the Department of Pediatrics, O.L.Vrouw Hospital Aalst. Board member and former Treasurer of the ESPD

- Atopic dermatitis: Update on pathophysiology
  ARNOLD ORANJE
  NETHERLANDS
  Professor in Pediatric Dermatology, (Kinder) HUJD.nl, Rotterdam and Dermics Skin Hospital, Alkmaar

- Bullous Disorders in children
  SAROLTA KARPATHI
  HUNGARY
  Professor, Department of Dermatology, Venereology and Dermatoclinic Semmelweis University, Faculty of Medicine

- Atopic dermatitis: Updates on therapy
  BARBARA KUNZ
  GERMANY
  Specialist Paediatric Dermatologist, Board member of the European Society of Pediatric Dermatology (ESPD)
## Preliminary Programme

### Pediatrics

#### P5 | Section on Nutrition & Diets

- **Clinical effects by nutrients in healthy and at risk children: Omega-3 Fatty Acids**
  - Colin Michie
  - United Kingdom
  - Nutrition Committee Chair, Royal College of Paediatrics & Child Health and Consultant Paediatrician, Ealing Hospital.

- **Early feeding and consequences in childhood to adulthood**
  - Alan Lucas
  - United Kingdom
  - MRC Clinical Research Professor and Head of the Childhood Nutrition Centre at the Institute of Child Health, London.

- **Early Nutrition for the prevention of allergies**
  - Leanne Goh
  - United Kingdom
  - Consultant in General Paediatrics and Paediatric Allergy, University College London Hospital.

- **The clinical manifestations of milk allergy**
  - Sophia Kallis
  - United Kingdom
  - Specialist Paediatric Allergy Dietitian at University College London.

#### P6 | Section on Gastroenterology, Nutrition & Metabolism

- **Preventive and therapeutic strategies in celiac disease**
  - Speaker to be announced

- **Etiology and approach to the child with chronic diarrhea**
  - Mark Beattie
  - United Kingdom
  - Consultant Paediatric Gastroenterologist, University Hospital Southampton.

- **Gastroesophageal Reflux Disease (GERD) - Consensus and Controversies**
  - Yvan Vandenplas
  - Belgium
  - Professor, Head of Department of Paediatrics, Universitair Ziekenhuis Brussels.

- **Brain and microbial flora - the role of gut microbiota in the gut-brain axis**
  - Aziz Koleilat
  - Lebanon
  - Associate Professor, Gastroenterology, Hepatology & Nutrition, Makassed University General Hospital.

#### P7 | Section on Endocrinology & Growth

- **Is anything effective in treating obesity and type 2 diabetes in children?**
  - Cosimo Giannini
  - Italy
  - Department of Paediatrics, University of Chieti.

- **New treatments and approaches for children diagnosed with type 1 diabetes**
  - Paolo Pozzilli
  - Italy
  - Professor of Diabetes and Clinical Research at the Centre for Diabetes at Bari, Professor of Endocrinology & Metabolic Diseases at the University Campus Biomedico in Rome.

- **Thyroid Dysfunction in Children**
  - Mark Vanderpump
  - United Kingdom
  - Consultant Physician and Honorary Senior Lecturer in Diabetes and Endocrinology, Royal Free London NHS Foundation Trust.

- **Should short stature should be considered as handicap and therefore treated with growth hormone?**
  - Tim Cheetham
  - United Kingdom
  - Senior Lecturer in Paediatric Endocrinology, Newcastle University and Consultant Paediatrician, Newcastle upon Tyne Hospitals NHS Foundation Trust.

#### P8 | Section on General Pediatrics

- **Analgesic toxicity in pediatric patients**
  - Imti Choonara
  - United Kingdom
  - Emeritus Professor in Child Health, Academic Division of Child Health (University of Nottingham), The Medical School, Derbyshire Children’s Hospital.

- **Spotting the sick child: Are we really sure we know how to do it?**
  - Damian Roland
  - United Kingdom
  - Consultant and Post-Doctoral Research Fellow in Paediatric Emergency Medicine, University of Leicester.

- **Preventive Cardiology - What all paediatricians should know regarding Hyperlipidemia**
  - Stephen R. Daniels
  - USA
  - Professor and Chair, Department of Pediatrics, University of Colorado, School of Medicine. Pediatrician-in-Chief and L. Joseph Butterfield Chair in Pediatrics Children’s Hospital Colorado.

- **Hypertension in children - does it need to be diagnosed or treated?**
  - Stephen Marks
  - United Kingdom
  - Consultant Paediatric Nephrologist and Clinical Lead for renal transplantation at Great Ormond Street Hospital (GOSH).
# PEDIATRICS

## Section on Psychiatry & Neurodevelopmental Pediatrics

**P9**

- **Autism Spectrum Disorders** – identifying multiple neurodevelopmental overlapping conditions
  - **Michael Fitzgerald**
    - Ireland
    - Professor of Child and Adolescent Psychiatry

- **Controversies on ADHD. Limitations and benefits of medication**
  - **Donald E. Greydanus**
    - USA
    - Professor & Founding Chair Department of Pediatric & Adolescent Medicine Western Michigan University

- **Optimum management of epilepsy**
  - **Renzo Guerrini**
    - Italy
    - Professor of Child Neurology and Psychiatry, Director - Pediatric Neurology Unit and Laboratories, Children’s Hospital A. Meyer-University of Florence

- **Management of children with headaches**
  - **Kenneth J. Mack**
    - USA
    - Professor, President Child Neurology Society, Mayo Clinic, Child and Adolescent Neurology

## Section on Orthopedics, Emergency & Trauma

**P10**

- **A practical examination of the sporting knee - Football and rugby injuries in kids**
  - **Courtney Kipps**
    - United Kingdom
    - Principal Clinical Teaching Fellow and Consultant in Sport and Exercise Medicine The Institute of Sport, Exercise & Health UCL

- **Is the Glory of the Game worth the Risks to our Precious Children?**
  - **Donald E. Greydanus**
    - USA
    - Professor & Founding Chair Department of Pediatric & Adolescent Medicine Western Michigan University

- **Common Musculoskeletal Problems in Children**
  - **Bob Sallis**
    - USA
    - Clinical Professor of Family Medicine, UC Riverside School of Medicine, USA, Co-Director, Sports Medicine Fellowship, Kaiser Permanente, Chair, Exercise is Medicine

- **Child Abuse - Abusive Head Trauma**
  - **Alison Kemp**
    - United Kingdom
    - Professor of Child Health and Honorary Consultant Paediatrician, Director of Cardiff Child Protection Systematic Review Group, Cardiff University
## PRELIMINARY PROGRAMME

### NEONATOLOGY & EARLY LIFE PEDIATRICS

#### N1 | Section on Infectious Diseases

- **Neonatal Infections: Pathogenesis of Group B Streptococcal infection**
  - **George Syriopoulou**
  - GREECE
  - Professor and Chairman of Paediatrics at the University of Thessaly, School of Health Sciences, Faculty of Medicine

- **Neonatal Infections: Fungal Infections - Prevention and Treatment**
  - **Francesco Raimondi**
  - ITALY
  - Chief, Division of Neonatology, Section of Pediatrics Dept of Translational Medical Sciences, Università “Federico II” di Napoli

- **Neonatal Infections: Managing MRSA Infections - Antibiotics Resistance in Staphylococcus Aureus?**
  - **Robert Daum**
  - USA
  - Professor of Pediatrics, Microbiology, and Molecular Medicine, Director, The University of Chicago MRSA Research Center, Chairman, US FDA Vaccine Advisory Committee

#### N2 | Section on Nutrition

- **Microbiota and Probiotics in infantile colic**
  - **Anna Pärty**
  - FINLAND
  - Department of Pediatrics, Turku University Hospital, Turku

- **Push out the boat in relation to improving maternal nutrition in order to improve fetal outcomes**
  - **Colin Michie**
  - UNITED KINGDOM
  - Nutrition Committee Chair, Royal College of Paediatrics & Child Health and Consultant Paediatrician, Ealing Hospital

- **Human milk oligosaccharides and infant microbiota**
  - Speaker to be announced

#### N3 | Section on Preterm Infant

- **Congenital and acquired bleeding disorders in infancy - a practical update for paediatricians and neonatologists**
  - **Paula Bolton-Maggs**
  - UNITED KINGDOM
  - Medical Director, Serious Hazards of Transfusion Scheme (SHOT), Manchester Blood Centre

- **Accessing the long-term consequences on brain development in preterm infants**
  - Speaker to be announced

- **Preterm birth and the implications for long-term renal health**
  - **Bjørn Egil Vikse**
  - NORWAY
  - Professor and Nephrologist, Department of Clinical Medicine, University of Bergen and Department of Medicine, Haukeland Hospital

#### N4 | Section on Infant Development

- **Effects of gestational age at birth on health outcomes at 3 and 5 years of age**
  - **Elaine Boyle**
  - UNITED KINGDOM
  - Senior Lecturer in Neonatal Medicine, Department of Health Sciences, University of Leicester

- **Effects of Delivery Mode on Neonatal Health**
  - **Ioanna Grivea**
  - GREECE
  - Associate Professor of Pediatrics and Neonatology at the University of Thessaly, School of Health Sciences, Faculty of Medicine

- **Children with neuro-developmental problems: The neurodevelopmental sequel of preterm birth**
  - **Svetislav Poloviva**
  - CROATIA
  - Specialist of Physical Medicine and Rehabilitation, Polyclinic for Physical Medicine and Rehabilitation “Prof.dr.sc.Milena Stjepović Poloviva”
## Preliminary Programme

### Section on Youth Obesity

**Child Obesity: different aspects of a growing epidemic**

Speaker to be announced

Audience Discussion

### Section on Adolescent Mental Health

**Perspectives on adolescent mental health**

CURT HAGQUIST  
SWEDEN  
Professor of Public Health, Director and founder of the Centre for Research on Child and Adolescent Mental Health (CFBUPH) at Karlstad University

Audience Discussion

### Section on Adolescent Wellbeing

**Examining young people’s well-being: exploring contributing factors**

Speaker to be announced

Audience Discussion

### Section on Adolescent Sexual Health

**Understanding sexual health and behaviours during adolescence**

REGINA VAN DEN EIJINDEN  
NETHERLANDS  
Associate professor at the Social Sciences Department, Utrecht University

Audience Discussion

### Section on Active Youth

**A sedentary generation? Exploring the trends and what can we do to encourage more active youth**

Speaker to be announced

Audience Discussion

### Section on Health Communication

**Health Communication, an important element to maximising health**

GERRY HUMPHRIS  
UNITED KINGDOM  
Chair in Health Psychology at University of St Andrews, CoDirector of the WHO Collaborating Centre in International Child and Adolescent Health

Audience Discussion

---

*Principal Clinical Teaching Fellow and Consultant in Sport and Exercise Medicine, The Institute of Sport, Exercise & Health, UCL.*

*Professor, President Child Neurology Society, Mayo Clinic, Child and Adolescent Neurology.*

*Associate Clinical Professor in Paediatric Dentistry, University of Sydney, and Director, Department of Dentistry at the Children’s Hospital at Westmead, Sydney, NSW.*

*Pediatric and Adolescent Gynecology Director of Resident Education University of Oklahoma-Tulsa.*

*Associate Professor at the Department of Infants and Adolescents at the Hôpital cantonal Universitaire Genève (HUG), Geneva.*

*President of the international Confederation of Meningitis Organisations (CoMO).*
**SPECIAL INTEREST SESSION: METABOLIC DISORDERS**

  - **TIMOTHY COX**
    - UNITED KINGDOM
    - Professor of Medicine Emeritus at the University of Cambridge, Life Fellow of Sidney Sussex College and Honorary Consultant Physician at Addenbrooke’s Hospital

- The British Paediatric Surveillance Unit: Appraising Newborn Screening for Congenital Hypothyroidism
  - **RACHEL KNOWLES**
    - UNITED KINGDOM
    - Senior Medical Adviser BPSU

- The British Paediatric Surveillance Unit: Familial Dysautonomia from the DGH Perspective
  - **SU LAURENT**
    - UNITED KINGDOM
    - Consultant Paediatrician, Barnet Hospital

**HEALTH POLICY FOCUS GROUP MEETINGS**

**Policy Focus Group Meeting on HPV VACCINATIONS**
- **Co-chair: TERENCE STEPHENSON**
  - UNITED KINGDOM
  - Chair of the General Medical Council (GMC) in the United Kingdom and Nuffield Professor of Child Health at the Institute of Child Health at University College London
- **Co-chair: PHILIP CASTLE**
  - USA
  - Executive Director of the Global Coalition against Cervical Cancer

**Policy Focus Group Meeting on MENINGITIS VACCINATIONS**
- **Co-chair: TERENCE STEPHENSON**
  - UNITED KINGDOM
  - Chair of the General Medical Council (GMC) in the United Kingdom and Nuffield Professor of Child Health at the Institute of Child Health at University College London
- **Co-chair: CHRISTOPHER HEAD**
  - UNITED KINGDOM
  - President of the international Confederation of Meningitis Organisations (CoMO)

**Policy Focus Group Meeting on INFLUENZA VACCINATIONS**
- **Co-chair: TERENCE STEPHENSON**
  - UNITED KINGDOM
  - Chair of the General Medical Council (GMC) in the United Kingdom and Nuffield Professor of Child Health at the Institute of Child Health at University College London

**Policy Focus Group Meeting on CHILD & ADOLESCENT HEALTH PREVENTION**
- **Chair: JOAN-CARLES SURIS**
  - SWITZERLAND
  - Institute of Social and Preventive Medicine and Department of Pediatrics Lausanne University Hospital

**PROFESSIONAL DEVELOPMENT WORKSHOPS**

**Professional Development workshop on Leadership:**
- **Module 1**
  - **ALISON JOHNS**
    - UNITED KINGDOM
    - Chief Executive of the Leadership Foundation for Higher Education
  - **DOUG PARKIN**
    - UNITED KINGDOM
    - Programme Director, Leadership Foundation

- **Module 2**
  - **ALISON JOHNS**
    - UNITED KINGDOM
    - Chief Executive of the Leadership Foundation for Higher Education
  - **DOUG PARKIN**
    - UNITED KINGDOM
    - Programme Director, Leadership Foundation
Thank you!

EiP look forward to working with you at the 8th Excellence in Pediatrics Conference in London this December.

Let’s Work Together to Improve Child Health Globally
